2FIVE™

» STREET LEGAL VEHICLE

EZGO®
A Textron Company

Go on-roading.

Inspired and bold, sophisticated and fun. The E-Z-GO® 2Five™ makes any journey more enjoyable. Balancing fun, convenience, safety and environmental responsibility, our first low speed vehicle (LSV) commands the attention of passers-by. It welcomes the notion that your day doesn't end at five and accommodates bags, groceries and the occasional science project. The 2Five gives you one more reason to adopt a greener way of life. And with a maximum speed of 25 mph and typical range of 30* miles between charges, it's legal on most public roads with speed limits of 35 mph or less. So take a seat behind the wheel and go on-roading in the invigorating E-Z-GO 2Five.

*Your range may vary depending on ambient temperature, driving style, accessory usage, age of batteries, topography and vehicle load.

A new spin on the family sedan.

Whether hauling your kids to school or practice, heading to a neighborhood barbeque or running a few errands, the 2Five™ gets you there and back worry-free. Designed for families, the 4-passenger model features three-point seat belts, underseat storage and plenty of leg room. Combined with automotive-style performance features like an independent A-arm front suspension and DOT-rated radial tires, the 2Five handles beautifully and keeps all your precious cargo safe.

FAMILY-FRIENDLY FEATURES:

- 3-Point Seat Belts and Hip Restraints
- 4-Wheel Hydraulic Disc Brakes
- Flip-Up Under Seat Storage
- Optional Weather Enclosure

Downtown living is the epitome of convenience and style. With plenty of storage, an energy-efficient 48-volt electric drivetrain and a handy on-board charger, the 2-passenger 2Five™ makes short jaunts even easier. Combined with a stylish design and a plethora of options and accessories, it's the perfect complement to your unique urban lifestyle.

CITY-READY FEATURES:

- Under Seat Storage (4-passenger) or Optional Locking Trunk (2-passenger)
- On-Board Charger
- 12V Accessory Outlet
- Four Cup Holders

Put spontaneity in the driver's seat.

From roadway to fairway.

What makes the 2Five™ so unique is its versatility. Featuring a Rabbit/Turtle switch, it allows you to lower the maximum speed from 25 mph to 14 mph, making the 2Five safe to drive on any golf course. Add a sweater basket, bag rack and a few other specialized accessories to complete the transformation.

GOLF-CENTRIC FEATURES:

- Optional Sweater Basket/Bag Rack
- Optional Cooler
- Optional Club and Ball Washer
- Optional Sand Bottle

Peace of mind comes standard.

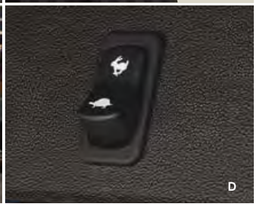
ESSENTIAL SAFETY FEATURES

Life is hectic enough without worrying about how to get from A to B. The 2Five™ is street legal on most public roads with speed limits of 35 mph or less and includes a range of features to protect you and your passengers. So just sit back, take in the fresh air and enjoy the ride.

A

B

C



D

A. Backlit gauge with state of charge meter keeps you informed in any lighting situation and warns you of low battery charge.

B. 3-point seat belts and hip restraints keep all front and rear passengers securely inside the vehicle.

C. Radial tires and four-wheel hydraulic disc brakes offer greater control and better wear. Headlights, taillights, brake lights and turn signals give you and other drivers added confidence.

D. Rabbit/turtle switch lowers your maximum speed from 25 mph to 14 mph in situations that require lower speeds.

A SMOOTHER, SAFER RIDE:

A lower, wider suspension improves handling around corners. A windshield crafted from automotive safety glass helps protect riders. Front and rear 5 mph impact-resistant bumpers provide yet another layer of protection for both passengers and the vehicle.

CONVENIENCE-INSPIRED FEATURES

Whether you're hauling school supplies, shopping bags or groceries, the 2Five™ helps you stay comfortable, confident and on the move. With an assortment of thoughtful conveniences, this street legal vehicle keeps you prepared for just about anything.

A. Locking glove box securely stores your personal items while you're on the road.

B. Under seat storage, located under the rear flip-up seat on the 4-passenger model, is ideal for backpacks or groceries. (A locking trunk can be added to the 2-passenger model for additional storage.)

C. Four cup holders place your favorite on-the-go beverages within reach.

D. A 12V accessory outlet keeps cell phones, mp3 players and other mobile gadgets fully charged.

ELIMINATE TRIPS TO THE GAS STATION:
Fully electric, this efficient ride includes an on-board charger, a 30-amp DC-DC converter and a state of charge meter, so you have power for accessories and know when your batteries are fully charged or low on juice.

The crossroads
of fun and function.

A

B

C

Give Mother Nature the right of way.

When you choose to drive the 2Five,™ you're also adopting a more sustainable lifestyle. From its energy-efficient, ultra-quiet 48-volt AC electric drivetrain that eliminates emissions to cushy seats made of recycled material, you can rest assured knowing the 2Five was designed with the environment in mind.

A. Foam seating used for the front bucket seats, and the rear bench seat in the 4-passenger model, is not only comfortable and easy to clean, but made from 100% recycled material.

B. An innovative AC Drive with full-time regenerative braking restores energy whenever brakes are applied to enhance energy efficiency and lengthen range between charges.

C . Energy-efficient 48-volt electric powertrain and an on-board solid state charger reduce your carbon footprint, allow you to go farther between charges and enable you to charge the 2Five on the go.

GREEN FROM THE INSIDE, OUT:
The 2Five is manufactured in an environmentally conscious ISO 14001-certified facility. It is built using many recyclable components to minimize eventual landfill usage. It's even designed with sloped exterior surfaces that require minimal water for cleaning.

2-PASSENGER

Inspired by get-up-and-go lifestyles, the 2-passenger E-Z-GO® 2Five™ is compact, offers ample storage and all the power you need to head out for errands, dinner or a leisurely drive. Fully electric, your only pit stop at the corner gas station will be for coffee or a Sunday paper.
